

GLOBAL STUDENTS SDG CHALLENGE

COPENHAGEN, DENMARK

AUGUST 24-31, 2023

This is the 8th event of the Global Students SDG Challenge. The goal of the event is to encourage students to approach the Sustainable Development Goals (SDGs) in a multidisciplinary and innovative perspective focusing on how to achieve the goals in accordance with different areas and cases. The students will cooperate across different disciplines, through different cultures and **practice how to develop impactful engineering projects and pitch their ideas** to a panel of professors, students, and government entities.
